DETAILED ACTION

Priority

Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file.

Information Disclosure Statement

German document "DE3310385 A1" cited in the IDS filed 4/2/07 has not been considered because there has not been provided a a concise explanation of its relevance.

Specification

The abstract of the disclosure is objected to because it includes legal phraseology (i.e. "said") and the implied phrases "The invention relates to" on line 1 and "The invention provides" on line 6. Correction is required. See MPEP § 608.01(b).

The disclosure is objected to because of the following informalities:

The specification does not include the appropriate section headings (i.e. "Background of the Invention", "Summary of the Invention", etc.).

Appropriate correction is required.

Claim Objections

Claims 1-11 are objected to because of the following informalities:

Claim 1 is objected to under 37 CFR 1.75(i), which states "Where a claim sets forth a plurality of elements or steps, each element or step of the claim should be separated by a line indentation."

In claim 11, line 1, "[characterized in that]" should be deleted.

Appropriate correction is required.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 5-6 and 8 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claim 5, line 3, the use of "and/or" renders the claim indefinite as the scope of the claim is unascertainable.

In claim 5, line 3, "the outer clamps (18)" lacks proper antecedent basis.

In claim 6, lines 2-3, "the outer clamps (18)" lacks proper antecedent basis.

In claim 8, line 2, "the outer clamps (18)" lacks proper antecedent basis.

Allowable Subject Matter

Claims 1-4, 7 and 9-11 are allowed.

Claims 5-6 and 8 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
